USAs historie indtil 1996 Study guide and review for Advanced Placement United States History for the student serious about doing well in the course. It serves as a great resource either while going through the course, or at the end of the course as a review before the AP exam. This book is directly aligned with "American Pageant" (15th Edition) so the student will do as well as possible during the course. Included are detailed outlines. The outlines link directly to each chapter and to each chapter's sub-sections, thus making it great for a student taking U.S. History and using Bailey and Kennedy's "American Pageant" as his or her main text and who strives to excel in the course. Note: this is the ebook/epub/ipad version.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1!41); Volume 1: To 1877 (Chapters 1!22); Volume 2: Since 1865 (Chapters 22!41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

First published in 1829, Walker's Appeal called on slaves to rise up and free themselves. The two subsequent versions of his document (including the reprinted 1830 edition published shortly before Walker's death) were increasingly radical. Addressed to the whole world but directed primarily to people of color around the world, the 67-page pamphlet by a free black man born in North Carolina and living in Boston advocates immediate emancipation and slave rebellion. Walker asks the slaves among his readers whether they wouldn't prefer to "be killed than to be a slave to a tyrant." He advises them not to "trifle" if they do rise up, but rather to kill those who would continue to enslave them and their wives and children. Copies of the pamphlet were smuggled by ship in 1830 from Boston to Wilmington, North Carolina, Walker's childhood home, causing panic among whites. In 1830, members of North Carolina's General Assembly had the Appeal in mind as they tightened the state's laws dealing with slaves and free black citizens. The resulting stricter laws led to more policies that repressed African Americans, freed and slave alike. A DOCSOUTH BOOK. This collaboration between UNC Press and the University of North Carolina at Chapel Hill Library brings classic works back into print. DocSouth Books editions are selected from the digital library of Documenting the American South and are unaltered from the original publication. The DocSouth series uses digital technology to offer e-books and print-on-demand publications, providing affordable and accessible editions to a new generation of scholars, students, and general readers.

This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which for better or worse lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

James Loewen has revised Teaching What Really Happened, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retelling of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: an up-to-date assessment of the potential and pitfalls of U.S. and world history education; information to help teachers expect, and get good performance from students of all racial, ethnic, and socioeconomic backgrounds; strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography; ideas from teachers across the country.

AP U.S. History Crash Course Achieve a Higher AP Score in Less Time REA's Crash Course is perfect for the time-crunched student, last-minute studier, or anyone who wants a refresher on the subject!
