The past few decades have seen remarkable technological growth in the delivery of modern medicine. Pharmaceutical, diagnostic, and surgical interventions have transformed the way in which health is perceived and medicine is practiced. The modern patient has become so dependent upon these therapies and interventions that they take a passive interest in their health. For author Dr. Mark W. Hatcher, this is a symptom of a culture in crisis—doctors treat disease instead of fostering health. Using real-life examples from a busy emergency room, he investigates this health-care crisis and reevaluates what it means to be healthy. In Beyond Desire: Rediscovering Health and Wellness, Hatcher examines the assumptions upon which the modern medical world is founded, explores the healing methods that have been practiced for centuries by healers around the world, and proposes a strategy for health that focuses on the importance of the mind and spirit in achieving and maintaining health. Beyond Desire shows how the practices of meditation, yoga, tai chi, acupuncture, proper eating, and selfless service are the true pathways to healing and rediscovering health and wellness.

Love Beyond Desire is a unique love story. It’s about a girl who falls in love with her best friend, Arman when she is in school. It’s a story of long-lost lovers who finally meet after nine years, and their love is still strong as it was before. It's a story with hope, passion, emotional confusion, emotional outburst, fun, mystery, happiness, admiration, love and desire, along with beautiful poems and songs to keep you entertained. Rhia knows that love is not being together forever, but it is to remember the moments together forever. Keeping this in mind, Rhia moves ahead in her life by managing personal and work life. It’s been nine years since Arman left her, and Rhia manages her life just fine with a dream job and her own place, finally free from family drama. She turned her life and took control of it, but the only part of her life that she couldn’t control was love. She couldn’t love anyone because she is heartbroken. As she had found and lost her love on the same day, and when Arman left her forever without even a goodbye, but with just two letters both addressed to her, one ‘To My Best Friend’ and other ‘To My Girlfriend’ and a ring, which she still holds as a reminder – a proof of broken love. Rhia and her friends are enjoying the wedding celebration at Mumbai’s luxurious hotel. Everything is great, and everyone is enjoying it until she sees Arman. He steps through the gate after long nine years along with his 3-year-old son, leaving her shocked and speechless. They are about to spend three days together under the same roof, and she is all worried, angry and pleased, again all at the same time. She wants to know why he left without a goodbye; it’s all she wants to know. So, will she finally get answers? Will Arman finally say why he left her, and why he kissed her if he was about to leave?

To avoid an unwanted marriage, Merry Vance comes up with a scandalous scheme to break the rules of English society by posing nude for Nicholas Craven, London's most notorious artist, in Beyond Seduction, and in Beyond Innocence, to save his scandalous brother from ruin, Edward Burbrooke arranges a marriage between him and a beautiful orphan, but his plans to use the marriage to save his family are threatened by his own growing passion for his brother's betrothed. Original.

Excerpt from Beyond Desire Neil bradley wrote letters to his friend Red Oliver. Neil said he was going to marry a woman in Kansas City. She was a revolutionist and Neil did not know when he first met her whether he was quite one or not. He said: It's like this, Red. You remember the empty feeling we had when we were in school together. I don't think you had it much when you were out here, but I did. I had it all the time I was in college and after I came home. I can't talk to Father and Mother about it much. They wouldn't under stand. It would hurt them. I guess, Neil said, that all of us younger men and women with any life in us have it now. Neil spoke in his letter of God. That was a bit strange, Red thought, coming from Neil. He must have got that from his woman. We can't hear His voice or feel Him in the land, he said. He thought perhaps the earlier men and women in America had something he and Red had missed. They had God, whatever that had meant to them. The early New Englanders, who had been so intellectually domi nant and who had influenced so much the thought of the whole country must have thought they had God really. If they had, what they had, it had come down to Neil and Red in some way pretty much weakened and washed out. Neil thought that. Religion, he said, was now an old gown, grown thin and with all the colors washed out of it. People still wore the old gown but it did not warm them any more. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Sherwood Anderson, an important American novelist and short-story writer of the early twentieth century, is probably best known for his novel Winesburg, Ohio. His realistic and nonformulaic writing style would influence the next generation of authors, most notably Ernest Hemingway and William Faulkner. Walter Rideout’s Sherwood Anderson: A Writer in America is a seminal work that reintroduces us to this important, yet recently neglected, American writer, giving him long overdue attention. This second volume of the monumental two-volume work covers Anderson’s life after his move in the mid-1920s to “Ripshin,” his house near Marion, Virginia (where Volume 1 ended.) The second volume covers his return to business pursuits; his extensive travels in the South touring factories, which resulted in his political involvement in labor struggles and several books on the topic; and finally his unexpected death in 1941. No other existing Anderson biography, the most recent of which was published nearly twenty years ago, is as thoroughly researched, so extensively based on primary sources and interviews with a range of Anderson’s friends and family members, or as complete in its vision of the man and the writer. Rideout uncovers much new information about events and people in Anderson’s life and provides a new perspective on many of his works. This two-volume biography presents Anderson's many remarkable attributes more clearly than ever before, while astutely placing his life and writings in the broader social, political, and artistic movements of his times.

Outstanding Book, selected by the American Association of School Librarians, and Best Books for General Audiences, selected by the Public Library Association Outstanding Academic Title, Choice Magazine Winner, Biography Award, Society of Midland Authors

This book explores the construction of male sexuality in nineteenth-century American literature and comes up with some startling findings. Far from desiring heterosexual sex and wishing to bond with other men through fraternity, the male protagonists of classic American literature mainly want to be left alone. Greven makes the claim that American men, eschewing both marriage and male friendship, strive to remain emotionally and sexually inviolate. Examining the work of traditional authors - Hawthorne, Poe, Melville, Cooper, Irving, Stowe - Greven discovers highly untraditional and transgressive representations of desire and sexuality. Objects of desire from both women and other men, the inviolate males discussed in this study overturn established gendered and sexual categories, just as this study overturns archetypal assumptions about American manhood and American literature.

First published in French in 1979, "The Ambivalence of Scarcity" was a groundbreaking work on mimetic theory. Now expanded upon with new, specially written, and never-before-published conference texts and essays, this revised edition explores René Girard's philosophy in three sections: economy and economics, mimetic theory, and violence and politics in modern societies. The first section argues that though mimetic theory is in many ways critical of modern economic theory, this criticism can contribute to the enrichment of economic thinking. The second section explores the issues of nonviolence and misrecognition (méconnaissance), which have been at the center of many discussions of Girard's work. The final section proposes mimetic analyses of the violence typical of modern societies, from high school bullying to genocide and terrorist attacks. Politics, Dumouchel argues, is a violent means of protecting us from our own violent tendencies, and it can at times become the source of the very savagery from which it seeks to protect us. The book's conclusion analyzes the relationship between ethics and economics, opening new avenues of research and inviting further exploration. Dumouchel's introduction reflects on the importance of René Girard's work in relation to ongoing research, especially in social sciences and philosophy.

"An examination of the paradox at the core of female sexuality argues that public-life requirements often directly contrast with intimate desires, drawing on the author's academic studies to explore the oppositional aspects of dominance versus submission, liberation verses dependence and masculinity versus femininity."

The antiquarian's reference to old books features thousands of listings, including hundreds of new titles, a new Internet buying guide, a complete glossary of book-collecting terms, research resources, information on dealers, and advice on buying, selling, and maintaining fragile acquisitions.
