In this course you will explore what it means to live as a Christian in community within an ever-changing Canadian culture. The course emphasizes the importance of being a purposeful, informed and active citizen. You will learn about the elements of democracy and the meaning of democratic citizenship in local, provincial, national, and global contexts. In addition, you will learn about other systems of government, discuss social change, examine decision making processes in Canada, examine beliefs and perspectives on civics questions, and practice how to think and act critically and creatively about public issues. Most importantly this course will encourage you to become actively involved in influencing decisions and initiating positive change. Included: - Professional bound full colour workbook (122 pages)- Answer keys for all activities packages and test. - Google Drive access with creative powerpoints and activities - Three dynamic units that meet or exceed provincial standards- Complete Exam with review activities and answer key. - No textbook needed! A free e-Booklet is included. - In-depth activities packages and creative powerpoints- Clear unit guides (checklist style)

A collection of letters written by Governor General David Johnston that outline his thoughts about what makes Canada unique in the world.

A guide for learners of English as a second language and an introduction to how parliament works.

This Course Guide provides an overview of all content and tools in the print and online resources. It also offers teachers resources for instructional planning and assessment.

A comprehensive introductory level text that provides thorough up to date coverage of a broad range of topics in food science and technology.

Going into its 6th edition, New Society continues to provide students with rich, rigorous and relevant information for their introductory sociology course. This ground up Canadian text features a number of contributors from across the country, well known experts in their field.

In PSYCHOLOGY: THEMES AND VARIATIONS, BRIEFER VERSION, Wayne Weiten continues his proven combination of a scientifically rigorous text with selective pedagogy that makes learning easy for students. Weiten's approach is backed by a straightforward writing style, unparalleled in-text visuals and didactic art program, and in-book review to help users prioritize and retain the core concepts. Weiten surveys psychology's broad range of content with three aims: to illuminate the process of research and its intrinsic relationship to application (themes); to show both the unity and diversity of the subject (variations), and to invite users to the study of psychology by respecting their ability to master its fundamental concepts. Weiten's themes (including empiricism, theoretical diversity, sociohistorical contexts, multifactorial causation, cultural heritage, heredity and environment, and subjectivity of experience) and variations provide unifying threads across chapters that help users see the connections among different research areas in psychology.
