The sixth edition of *Fundamentals of Corporate Finance* continues its tradition of excellence ensuring the focus remains on key principles. To accommodate courses which include coverage across a wider range of topics, the authors provide additional chapters about Leasing, Mergers and Acquisitions online. *Fundamentals of Corporate Finance* strives to present the material in a way that makes it coherent and easy to understand. Finance Prep Courses allow students to view a video to refresh topics, and then answer questions to test their understanding. This product gives lecturers more time in class to cover finance topics, and ensures that students do not get left behind. In addition to providing students with relevant, realistic problem-solving tools, *Fundamentals of Corporate Finance* has the benefit of the most current and relevant research in finance.

Two strengths distinguish this textbook from others. One is its presentation of subjects in the contexts wherein they occur. The other is its use of current events. Other improvements have shortened and simplified chapters, increased the numbers and types of pedagogical supplements, and expanded the international appeal of examples.

This book provides a comprehensive coverage of the origin and development of economic thought from the ancient times to the present day. It documents the contributions of major thinkers from the time of
