The New York Times bestselling author of the *Goosebumps* and *Fear Street* series delivers a terrifying horror novel for adults centered on a town in the grip of a sinister revolt. After travel writer Lea Sutter barely survives a merciless hurricane on a tiny island off the South Carolina coast, she impulsively brings two orphaned twin boys home with her to Long Island. Samuel and Daniel seem amiable and intensely grateful at first, but no one in Lea's family anticipates the twins' true evil nature—or predicts that within a few weeks' time her husband, a controversial child psychologist, will be implicated in two brutal murders. "The horror is grisly" (Associated Press) in legendary author R.L. Stine's "creepy, fun read" (Library Journal)—an homage to the millions of adult fans who grew up reading his classic series and a must-read for every fan of deviously inventive chillers.

An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As the lone female werewolf in existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating the Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, *Bitten* will awaken the voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within one woman's body.
