Nyx had already been to hell. One prayer more or less wouldn't make any difference... On a ravaged, contaminated world, a centuries-old holy war rages, fought by a bloody mix of mercenaries, magicians, and conscripted soldiers. Though the origins of the war are shady and complex, there's one thing everybody agrees on-- There's not a chance in hell of ending it. Nyx is a former government assassin who makes a living cutting off heads for cash. But when a dubious deal between her government and an alien gene pirate goes bad, Nyx's ugly past makes her the top pick for a covert recovery. The head they want her to bring home could end the war--but at what price? The world is about to find out.

"You're going to love Nyx . . . she makes Han Solo look like a Boy Scout." Ex-government assassin turned bounty-hunter, Nyx, is good at solving other people's problems. Her favorite problem-solving solution is punching people in the face. Then maybe chopping off some heads. Hey--it's a living. Nyx's disreputable reputation has been well earned. After all, she's trying to navigate an apocalyptic world full of giant bugs, contaminated deserts, scheming magicians, and a centuries-long war that's consuming her future. Managing her ragtag squad of misfits has required a lot of morally-gray choices. Every new job is another day alive. Every new mission is another step toward changing a hellish future--but only if she can survive.

orphan evades death and slavery to uncover her own bloody past... while a world goes to war with itself. In the frozen kingdom of Saiduan, invaders from another realm are decimating whole cities, leaving behind nothing but ash and ruin. At the heart of this war lie the pacifistic Dhai people, once enslaved by the Saiduan and now courted by their former masters to provide aid against the encroaching enemy. Stretching from desolate tundra to steamy, semi-tropical climes seething with sentient plant life, this is an epic tale of blood mages and mercenaries, emperors and priestly assassins who must unite to save a world on the brink of ruin. As the dark star of the cataclysm rises, an illegitimate ruler is tasked with holding together a country fractured by civil war; a precocious young fighter is asked to betray his family to save his skin; and a half-Dhai general must choose between the eradication of her father's people or loyalty to her alien Empress. Through tense alliances and devastating betrayal, the Dhai and their allies attempt to hold against a seemingly unstoppable force as enemy nations prepare for a coming together of worlds as old as the universe itself. In the end, one world will rise - and many will perish. File Under: Fantasy [Orphaned Child | World at War | Blood Magic | The Fluidity of Gender]
