Just for Fun: The Story of an Accidental Revolutionary ...

Linus Torvalds wrote the Linux kernel but Just For Fun could refer to writing the book. It isn't about Linux, it's about Linus. Here he tells us about his childhood, his time at Helsinki University, his marriage to six times karate champion Tove, about his children and about his attitude to life.

Just For Fun: The Story of an Accidental Revolutionary ...

Fun book/biography of the story around the birth of a new operating system (well a derivative operating system) that was critical to the history of computer software. The most important impact of the Linux story is the potential productivity of a motivated decentralised force that have a shared objective under an open software development mind set.

Once upon a time Linus Torvalds was a skinny unknown, just another nerdy Helsinki techie who had been fooling around with computers since childhood. Then he wrote a groundbreaking operating system and distributed it via the Internet -- for free. Today Torvalds is an international folk hero. And his creation LINUX is used by over 12 million people as well as by companies such as IBM. Now, in a narrative that zips along with the speed of e-mail, Torvalds gives a history of his renegade software while candidly revealing the quirky mind of a genius. The result is an engrossing portrayal of a man with a revolutionary vision, who challenges our values and may change our world.

A Best Book of the Year: The Washington Post • Chicago Tribune • NPR • Vogue • Elle • Real Simple • InStyle • Good Housekeeping • Parade • Slate • Vox • Kirkus Reviews • Library Journal • BookPage Longlisted for the 2020 Booker Prize An Instant New York Times Bestseller A Reese's Book Club Pick "The most provocative page-turner of the year." --Entertainment Weekly "I urge you to read Such a Fun Age." --NPR A striking and surprising debut novel from an exhilarating new voice, *Such a Fun Age* is a page-turning and big-hearted story about race and privilege, set around a young black babysitter, her well-intentioned employer, and a surprising connection that threatens to undo them both. Alix Chamberlain is a woman who gets what she wants and has made a living, with her confidence-driven brand, showing other women how to do the same. So she is shocked when her babysitter, Emira Tucker, is confronted while watching the Chamberlains' toddler one night, walking the aisles of their local high-end supermarket. The store's security guard, seeing a young black woman out late with a white child, accuses Emira of kidnapping two-year-old Briar. A small crowd gathers, a bystander films everything, and Emira is furious and humiliated. Alix resolves to make things right. But Emira herself is aimless, broke, and wary of Alix's desire to help. At twenty-five, she is about to lose her health insurance and has no idea what to do with her life. When the video of Emira unearths someone from Alix's past, both women find themselves on a crash course that will upend everything they think they know about themselves, and each other. With empathy and piercing social commentary, *Such a Fun Age* explores the stickiness of transactional relationships, what it means to make someone "family," and the complicated reality of being a grown up. It is a searing debut for our times.

Madness were true originals who mixed ska and reggae rhythms with social comment and music hall humour to become a British group like no other. They were the most successful UK singles band of the 80s, offering a larky down-to-earth take on Thatcher's Britain through hits like 'My Girl', 'One Step Beyond', 'House Of Fun' and 'Baggy Trousers'. Their appeal endures to this day, Madness' latter-day concerts having become fun-packed celebrations of one of the best-loved songbooks in British pop. Like most bands Madness had their trials and tribulations, including band disputes, accusations of racism and an eventual split. But by then they had become a unique part of British pop history. In this book, John Reed tells their colourful story with a perceptive industry eye and the help of insights from many insiders and colleagues of the band.

"In this book with no pictures, the reader has to say every silly word, no matter what"--

If you're not having fun, you're not fully living. The author of *How to Break Up with Your Phone* makes the case that, far from being frivolous, fun is actually critical to our well-being—and shows us how to have more of it. "This delightful book might just be what we need to start flourishing."—#1 New York Times bestselling author Adam Grant Journalist and screen/life balance expert Catherine Price argues persuasively that our always-on, tech-addicted lifestyles have led us to obsess over intangible concepts such as happiness while obscuring the fact that real happiness lies in the everyday experience of fun. We often think of fun as indulgent, even immature and selfish. We claim to not have time for it, even as we find hours a day for what Price calls Fake Fun—bingeing on television, doomscrolling the news, or posting photos to social media, all in hopes of filling some of the emptiness we feel inside. In this follow-up to her hit book, *How to Break Up with Your Phone*, Price makes the case that True Fun—which she defines as the magical confluence of playfulness, connection, and flow—will give us the fulfillment we so desperately seek. If you use True Fun as your compass, you will be happier and healthier. You will be more productive, less resentful, and less stressed. You will have more energy. You will find community and a sense of purpose. You will stop languishing and start flourishing. And best of all? You'll enjoy the process. Weaving together scientific research with personal experience, Price reveals the surprising mental, physical, and cognitive benefits of fun, and offers a practical, personalized plan for how we can achieve better screen/life balance and attract more True Fun into our daily lives—without feeling overwhelmed. Groundbreaking, eye-opening, and packed with useful advice, *The Power of Fun* won't just change the way you think about fun. It will bring you back to life.

Maris Forrester has a wonderful life with an amazing boyfriend and a fulfilling job. She's happy and content . . . or so she thinks. Maris has always had huge dreams of being on Broadway. Ever since her very first performance as a child, she has envisioned herself on the stage under the shining lights. Now she has to decide whether she should to give up her wonderful life to chase those dreams. When her parents announce they are moving, she comes across a long-lost family treasure. She doesn't realize that this treasure may hold the key to her future and to all her dreams coming true. And if that wasn't sign enough, a mysterious stranger throws another wrench in the mix at a dazzling rooftop party benefiting the Arts. These could be signs of things to come. But will she remain content in her perfect world, or will she step into the unknown world she has always dreamed of?

Children from different kinds of families demonstrate the original meanings of the colors in the rainbow flag, and then come together at a Pride parade.

This book is uniquely original and can be personalized with any girl's name. How fun is that? Over 500 book names already published on Amazon! Think of the possibilities: baby or shower gifts, birthdays, a special something from grandma, and more. You can purchase the book's title as shown (this book is in SCARLETT'S NAME), OR you can request a new book be published in the name you desire. It's easy to order in 3 steps: 1. Go to estorytime.com BEFORE placing your Amazon order to let Melissa know the name you want personalized on your book. 2. Click on the "Personalize It" tab and add the name and book title you would like. Send this information to Melissa. 3. Melissa will take care of the rest. She will publish your new book title on Amazon, and once published, will get a link from Amazon to email to you. Once you receive this link, you can order your book just like any Amazon product. Easy! We've taken the worry out of the process and your child will be thrilled with the final product. Who doesn't like to see their name on the cover or hear it related throughout the story? The author, Melissa Ryan, is the mother of five children and knows the importance of reading to your little ones. It instills a love of books and fosters an active imagination in the youngest of readers. Help start them on a path of discovery with Melissa's stories. The tale of Scarlett is perfect for bedtime, especially when unleashing the child's wonder by using her own name. This is a book that can be enjoyed over and over again, and will be remembered long after the last page is read and the lights turned out. Goodnight Scarlett and the Moon is beautifully illustrated with full color images that will hold your child's attention while you read the delightful story. Walk along with Scarlett through a day of happy smiles, sleepy-eyed dreams, and a bedtime that's sure to please. She will capture your heart, and the moments spent reading it together will build fond memories that will be cherished throughout the years. This is just one of several books offered by Melissa in her ever-expanding children's book series. You'll learn to love and appreciate the extra attention that goes into each volume. Special care is taken to keep the child's heart at the center of each story, helping them build character and learn something along the way. Help that special child in your life reach for the stars, and let Goodnight Scarlett into your home to cast a moonbeam over the most precious of your possessions. Build a binding relationship with the power of reading...you'll look back in awe at the foundations you've built. Please customize and purchase this book for a special little girl in your life today.
