Perkins 4.108 Cylinder head studs

The cylinder head houses the valves and injectors, and sits above the cylinder block to complete the seal of the combustion chamber.

Where overhaul or repair requires a solution, Perkins provides new heads and assemblies, made to the same specification and tolerances as the original head to bring your engine back to a quality second life and deliver power and performance.

The engine serial number is on a metal plate, typically found on the left-hand side of the block. What do I need to enter? Copy the full 15 or more digits as printed on the engine, excluding any spaces. The minimum search requirement is the build list, typically 2 to 4 letters followed by 4 or 5 numbers.
