The Kalashnikov is one of the most modern variations of the Sicilian Defence. As early as move four, Black lashes out in the centre and sets the tone for the rest of the game. Jan Pinski and Jacob Aagaard take a deep look at all the critical ideas and variations of an opening which has received little coverage in chess publishing until now.

Sicilian Kalashnikov – Everyman Chess

The Kalashnikov is one of the most modern variations of the Sicilian Defence. As early as move four, Black stakes a claim in the center and sets the tone for the rest of the game. Play can often become sharp and as is normal with many Sicilian lines, the best prepared player is usually the successful one.

Opening expert Tony Rotella presents a Sicilian repertoire for Black, the backbone of which consists of the Kalashnikov Variation.

The Classical Dutch is an ambitious and underrated defence to queen's pawn openings. With his first few moves Black creates an asymmetrical pawn structure which unbalances the position from a very early stage, allowing both white and black players to fight for the initiative. Now, for the first time in recent history, International Master Jan Pinski delves into the secrets of the Classical Dutch, studying both the positional motives and tactical nuances for both sides. He deals with the theoretical main lines as well as the crafty side variations, updating the reader on all the new important wrinkles. \*Written by an openings expert \*Up-to-date coverage of a dynamic opening \*Full explanations on all the crucial tactical and positional themes

International Master Jan Pinski delves into the secrets of the Four Knights for the first time, studying the strategic ideas for both white and black players. Pinski covers both the fashionable main lines and the tricky sidelines, bringing the reaser u

Grandmaster David Smerdon gives the Scandinavian a welcome twist by using it as an all-out attacking weapon. The repertoire he presents is one he has successfully employed at grandmaster level over many years, and the backbone is provided by the razor-sharp Portuguese and Icelandic gambits.

This book identifies the key factors that separate the very strong players from the rest. Anyone who follows the advice in this book cannot fail to improve their feel for the game.

Grandmaster Johan Hellsten is convinced that mastering chess strategy - just like chess tactics - requires practice, practice and yet more practice! This outstanding book is a product of his many years' work as a full-time chess teacher, and is specifically designed as part of a structured training programme to improve strategic thinking. It focuses on a wide range of key subjects and provides a basic foundation for strategic play. Furthermore, in addition to the many examples, there's an abundance of carefully selected exercises which allow readers to monitor their progress and put into practice what they have just learned. Following such a course is an ideal way for players of all standards to improve. Although designed mainly for students, this book is also an excellent resource for chess teachers and trainers. An essential course in chess strategyContains over 400 pages of Grandmaster adviceIncludes more than 350 training exercises

Openings expert Jan Pinski studies the Two Knights Defence, one of the trickiest tactical openings.
