Irvine Welsh, the author of Trainspotting, is up to his old tricks with his new work of transgressive short fiction. Irvine Welsh's first short-story collection since his debut work The Acid House presents five extraordinary stories, which remind us that he is a master of the short form, a brilliant storyteller, and—unarguably—one of today's funniest and most subversive writers. In "Rattlesnakes" three young Americans, lost in the desert, are accosted by two armed Mexicans. A Korean chef and a Chicago socialite find themselves connected through the disappearance of a pooch named Toto in "The D.O.G.S. of Lincoln Park." And in the title story, Mickey Baker—an ex-pat English bar owner living on the Costa Brava—tries to keep all of his balls in the air: maintaining his barmaid's weight at the sexual maximum, attending to the youthful Persephone, and dodging his ex-wife and Spanish gangsters. In typically Welshian fashion, the characters and settings are anything but typical. These stories will make you laugh and gasp.

While lying in a coma in an Edinburgh hospital, Roy Strang experiences strange hallucinatory adventures that recount how he came to be in his current state, from his struggles with his disturbed family to a bizarre quest in Africa

An epic novel about the bonds of friendship from the author of Trainspotting. The story of four boys growing up in the Edinburgh projects, Glue is about the loyalties, the experiences, and the secrets that hold friends together through three decades. The boys become men: Juice Terry, the work-shy fanny-merchant, with corkscrew curls and sticky fingers; Billy the boxer, driven, controlled, playing to his strengths; Carl, the Milky Bar Kid, drifting along to his own soundtrack; and the doomed Gally, exceedingly thin-skinned and vulnerable to catastrophe at every turn. We follow their lives from the seventies into the new century—from punk to techno, from speed to E. Their mutual loyalty is fused in street morality: Back up your mates, don't hit women, and, most important, never snitch—on anyone. Glue has the Irvine Welsh trademarks—crackling dialogue, scabrous set pieces, and black, black humor—but it is also a grown-up book about growing up—about the way we live our lives, and what happens to us when things become unstuck. "Stocked with his usual quirky, sympathetic characters, this rollicking new tale sparkles with the writer's trademark satiric wit. Its left and narrative breadth should convince any remaining skeptics that Welsh—now effectively the grand old man of in-your-face Scottish fiction—is a writer to be taken seriously."—Publishers Weekly starred review

"The best book ever written by man or woman...deserves to sell more copies than the Bible."—Rebel, Inc.

With the Christmas season upon him, Detective Sergeant Bruce Robertson of Edinburgh's finest is gearing up socially—kicking things off with a week of sex and drugs in Amsterdam. There are some sizable flies in the ointment, though: a missing wife and child, a nagging cocaine habit, some painful below-the-belt eczema, and a string of demanding extramarital affairs. The last thing Robertson needs is a messy, racially fraught murder, even if it means overtime—and the opportunity to clinch the promotion he craves. Then there's that nutritionally demanding (and psychologically acute) intestinal parasite in his gut. Yes, things are going badly for this utterly corrupt tribune of the law, but in an Irvine Welsh novel nothing is ever so bad that it can't get a whole lot worse. . . .In Bruce Robertson Welsh has created one of the most compellingly misanthropic characters in contemporary fiction, in a dark and disturbing and often scabrously funny novel about the abuse of everything and everybody. "Welsh writes with a skill, wit and compassion that amounts to genius. He is the best thing that has happened to British writing in decades."—Sunday Times [London] "[O]ne of the most significant writers in Britain. He writes with style, imagination, wit, and force, and in a voice which those alienated by much current fiction clearly want to hear."—Times Literary Supplement "Welsh writes with such vile, relentless intensity that he makes Louis-Ferdinand Céline, the French master of defilement, look like Little Miss Muffet. "—Courtney Weaver, The New York Times Book Review "The corrupt Edinburgh cop-antihero of Irvine Welsh's best novel since Trainspotting is an addictive personality in another sense: so appallingly powerful is his character that it's hard to put the book down....[T]he rapid-fire rhythm and pungent dialect of the dialogue carry the reader relentlessly toward the literally filthy denouement. "—Village Voice Literary Supplement, "Our 25 Favorite Books of 1998" "Welsh excels at making his trash-spewing bluecoat peculiarly funny and vulnerable—and you will never think of the words 'Dame Judi Dench' in the same way ever again. [Grade:] A-. "—Charles Winecoff, Entertainment Weekly

At Edinburgh's Department of Environmental Health, hard-drinking, womanising officer Danny Skinner wants to uncover secrets: 'the bedroom secrets of the master chefs', secrets he believes might just help him understand his self-destructive impulses. But the arrival of the virginal, model-railway enthusiast Brian Kibby at the department provokes an uncharacteristic response in Skinner, and threatens to throw his mission off course. Consumed by loathing for his nemesis, Skinner enacts a curse, and when Kibby contracts a horrific and debilitating mystery virus, Skinner understands that their destinies are supernaturally bound, and he is faced with a terrible dilemma.
