For Sale
You are like most people, this has happened to you. The object of this book is to give you some practical information that you can use to reduce the likelihood that the next used car you purchase will be one that spends more time in the repair shop than it does in your driveway. You will be provided with ideas of where and how to find the best used cars on the market today. Once you have decided how much you can afford to pay, you will be given the knowledge to determine how much you should expect to pay for that car. For the first time, you will know BEFORE the fact that you are about to be "RIPPED OFF". You will learn about the sales routines used by all car salesmen. You will learn what they really are telling you, what they are telling you by what they won't say, how to control the sales process, what your rights are, and mistakes that you should no longer make. You will

Where To Download Used Cars Manual Transmission

be given sound advice about where to obtain the best financing available for you. Lastly, you will be given the information you need to thoroughly check out a used car. You will never again buy a car that immediately has to go into the repair shop. You will be provided with a 12 point GREASELESS Mechanical systems check that anyone can use. It requires no special knowledge or training to perform. You are given separate checklists for evaluating late model used cars, and older used cars. If you apply all of the knowledge contained in this book to your next car purchase, you could easily save thousands of dollars
