"A warm, profound and cleareyed memoir. . . this wise and sympathetic book's lingering effect is as a reminder that a deeper and more companionable way of life lurks behind our self-serious stories."—Oliver Burkeman, New York Times Book Review A remarkable

exploration of the therapeutic relationship, Dr. Mark Epstein reflects on one year's worth of therapy sessions with his patients to observe how his training in Western psychotherapy and his equally long investigation into Buddhism, in tandem, led to greater awareness—for his patients, and for himself. For years, Dr. Mark Epstein kept his beliefs as a Buddhist separate from his work as a psychiatrist. Content to use his training in mindfulness as a private resource, he trusted that the Buddhist influence could, and should, remain invisible. But as he became more forthcoming with his patients about his personal spiritual leanings, he was surprised to learn how many were eager to learn more. The divisions between the psychological, emotional, and the spiritual, he soon realized, were not as distinct as one might think. In *The Zen of Therapy*, Dr. Epstein reflects on a year's worth of selected sessions with his patients and observes how, in the incidental details of a given hour, his Buddhist background influences the way he works. Meditation and psychotherapy each encourage a willingness to face life's difficulties with courage that can be hard to otherwise muster, and in this cross-section of life in his office, he emphasizes how therapy, an element of Western medicine, can in fact be considered a two-person meditation. Mindfulness, too, much like a good therapist, can "hold" our awareness for us—and allow us to come to our senses and find inner peace. Throughout this deeply personal inquiry, one which weaves together the wisdom of two worlds, Dr. Epstein illuminates the therapy relationship as spiritual friendship, and reveals how a therapist can help patients cultivate the sense that there is something magical, something wonderful, and something to trust running through our lives, no matter how fraught they have been or might become. For when we realize how readily we have misinterpreted our selves, when we stop clinging to our falsely conceived constructs, when we touch the ground of being, we come home.

By dipping into this little book of simple Zen Buddhist sayings, you can calm your anxiety and return serenity to your soul. Are you feeling stress and anxiety from the demands of daily life? Do you feel overwhelmed by your to-do list and the constant deluge of information from all quarters? Are you unhappy with your life and envious of those around you? At times like these it's important to step back and take a breath. Zen meditation may conjure up images of sitting in silence for long hours, but according to Buddhist monk and author Shinsuke Hosokawa, Zen can be summed up as "the knowledge needed for a person to live life with a positive outlook." With this in mind, he has produced this charmingly illustrated collection of thoughts and sayings to help you live life with less stress and anxiety. The sayings include: Pay attention to what is right in front of your eyes Nothing happens by chance. Every encounter has its meaning Be careful not to confuse the means and the purpose Keep flowing just like water Nothing will control you Even a bad day is a good day Check the ground beneath your feet when you're in trouble

You'll never walk alone These 52 mindful sayings mirror the 52 steps traditionally taken to achieve Buddhist enlightenment, and they also coincide with the 52 weeks of the year—passing through the seasons, both in the natural world and our lives. Each page has an illustration and a simple, meditative reflection to help you see into your own heart, accept your current state of being, reduce anxiety and find peace. Whatever the time of year, whatever your time of life, by browsing the pages of this book you are sure to quickly find a piece of universal wisdom that will resonate with your soul.

The perfect gift for fans of *The Big Lebowski*, Jeff Bridges's "The Dude", and anyone who could use more Zen in their lives. Zen Master Bernie Glassman compares Jeff Bridges's iconic role in *The Big Lebowski* to a Lamed-Vavnik: one of the men in Jewish mysticism who are "simple and unassuming," and "so good that on account of them God lets the world go on." Jeff puts it another way. "The wonderful thing about the Dude is that he'd always rather hug it out than slug it out." For more than a decade, Academy Award-winning actor Jeff Bridges and his Buddhist teacher, renowned Roshi Bernie Glassman, have been close friends. Inspiring and often hilarious, *The Dude* and the Zen Master captures their freewheeling dialogue and remarkable humanism in a book that reminds us of the importance of doing good in a difficult world.

World famous Zen master Thich Nhat Hanh has inspired millions of readers in the practice of mindful living. Never before, however, have his calligraphy artworks, equally renowned, been available in book form. *This Moment Is Full of Wonders* collects more than 60 full-color artworks by the beloved figure in a richly textured hardcover package. As beautiful as they are inspirational, the ink-rendered phrases offer eloquent distillations of Buddhist wisdom, such as "Peace is every step," "Be free where you are," and "Smile to the cloud in your tea"—seemingly simple sayings that resonate with meaning. Interspersed throughout the book are iconic passages from his best-known teachings, printed on semi-transparent overlays that faintly obscure, then illuminate, the artworks beneath. At once a tool for personal growth and a visual treasure, *This Moment Is Full of Wonders* will delight spiritual seekers of all backgrounds.
